| Cairo, Egypt | The British School Al Rehab | September 2014 - June 2016 |
| <ul style="list-style-type: none">IGCSEGrades: 6 A*, 3 A's, 2 B's -- Overall Score: 97.2% | | |

PROJECTS

Personal Projects (Portfolio)

- E-commerce App (2024).** Implemented an E-commerce shopping platform with a Review system and an Admin dashboard with monthly sales charts – Developed with modern NextJS 15 with React 19, TypeScript, Tailwind CSS, Vercel.
- Covid Tracker App (2022).** Implemented a MERN stack web application that monitors and tracks COVID-19 patients' data around the world.
Source code: <https://github.com/MohamedAyman98/covid-tracker-app>

University Projects

- Left 2 Dead (2020).** Implemented a First-person shooter zombie survival game - a small and modified version of the "Left 4 Dead" game in a team of 6 using Unity game engine (developed using C# language).
- Relational Database Management System (2019).** Implemented a Database Engine in Java. Included all basic

components of a RDBMS using bitmap index for multi-dimensional indices.

- **MERN Stack Web Application (2019).** Implemented a Remote Company Establishment System (RCES) - A web application that digitalizes the manual process of establishing a company - in a team of 10, following the **SCRUM** approach of agile Software Engineering. The project was submitted in a competition organized by **Sumerge** company where we managed to achieve 3rd place.
- **Chat Application (2019).** Implemented a chat application using socket programming in **Java**.
- **Super Heroes Chess (2018).** An MVC game using **Java** - based on the popular chess board game with additional twists, including a superhero theme and pieces with special abilities.

Extracurricular Activities

- Member of GUC Brain – Data Science Research club (2020)
- Editor at the Insider GUC (2018-2019).

SKILLS & TECHNOLOGIES

- **Programming Languages:** Java, Python, JavaScript/Typescript, HTML, CSS, SQL, C# .Net
- **Backend Frameworks:** NodeJS (Express), .NET Core Web API
- **Frontend Frameworks:** React, NextJS
- **Mobile Frameworks:** React Native
- **CSS Frameworks:** Bootstrap 5, Tailwind CSS
- **Component Libraries:** Shadcn UI (Radix), React Bootstrap.
- **Database:** Microsoft SQL Server, MongoDB, PostgreSQL, Firebase, Supabase.
- **ORMS:** Prisma, Entity Framework, Mongoose (ODM)

LANGUAGES

- **Arabic** (Native); **English** (Fluent); **German** (Elementary, level A2); **French** (Elementary)
